MARLO 4-SEATER TABLE BASE

CONTRACT TABLE BASES

METAL BASE FOR COFFEE TABLE The Marlo 4-Seater Table Base is designed for use in restaurants, bars, and cafes and will support a four-seater tabletop. It is manufactured from cast iron with a black powder-coated finish that is easy to clean. In addition, the cross-shaped design makes this coffee-height table base ideal for maximising space by allowing chairs to be pushed under the table so they're out of the way. The Marlo coffee table base has a very sturdy and robust construction, with a column that features an "anti-spin" design to ensure the column screws together firmly—supplied in black with a powder-coated finish, so they're durable and easy to keep clean. Many other sizes and heights are available. Please see our table bases. Contact us to know more about the Marlo 4-Seater Table Base supplied by UHS International.
