

FERO SIDE CHAIR

CONTRACT DINING CHAIRS

STACKABLE METAL CHAIR This metal stacking chair by UHS International is treated to state-of-the-art materials for outdoor use. Crafted with a metal frame and leather or fabric upholstery, the Fero Side Chair can be used indoors or outdoors. This versatile and easy-care design is stackable - a pretty and practical addition for any modern, contemporary, or transitional space. Enhance your bistro, cafe, restaurant, hotel or any patio space with this stackable metal chair. The lightweight construction of the Fero chair allows you to move and stack for storing quickly. With the stackable design, this metal stacking chair is an ideal option for entertaining outside since they're easy to store or set aside when they are not in use. Classic bistro design chairs. Very durable and available in a variety of finishes and colours stackable. Get in touch with us to discover more about this Fero Side Chair at UHS International.
