

VINCI CHAIR

TABLE PLACE CHAIRS

CURVED BACK WOODEN DINING CHAIR This classic design curved back wooden dining chair is an excellent addition to any dining area. The simple curves of this wooden curved chair are characteristics of mid-century modern design. It has a curved wooden back with wood spindles around the back of the chair. The design offers that cosy farmhouse feels, while the durable make of the chair will last longer. The Vinci Chair features a beech wood frame that can be stained or finished in any colour but is only available with a wood seat. This wooden chair with a curved back is perfect for the relaxed but refined sitting area and creates a classic, natural aesthetic for the dining space. The deep curved back adds comfort and give this wooden chair a retro casual feel. Visit us to find out more about this curved back wooden dining chair at UHS International.
