FERO LOW STOOL

CONTRACT BAR STOOLS

METAL STACKING STOOL The Fero Low Stool provides a modern alternative to traditional stack seating. This bright metallic grey stackable low stool can be powder-coated in any RAL colour and looks great in lounge areas or waiting rooms. The Fero, industrial style metal low stool is very functional and comfortable. Made of high-quality metal, this low stacking stool with powder spraying treatment has high rust resistance. And the cross structure and non-slip rubber feet offer additional stability. The Fero metal low stool is ideal for use in modern breakout or canteen areas, very hard wearing and wipe clean. Lightweight and durable, this stackable low barstool is a built-in carrying handle that makes moving easy. A reinforced cross-bracing adds to the comfort and stability of this collection. This metal stacking low stool can be easily stored away in the stack. For more details on this metal stacking low stool, Call us today.
