## STOCKHOLM SQUARE TABLE TOP

CONTRACT TABLE TOPS UK

**THICK PLYWOOD TABLE TOP** Providing a cost-effective and practical alternative to solid wood tables, the Stockholm Square Table Top, a birch ply table top with bullnose edge combines an easy-clean top with stylish edge detail popular for cafes. At 40mm standard or custom thickness, the Plywood edge is achieved by combining the laminate top with a plywood core, which is then left exposed to create the edge, finished in a polish. This Scandinavian inspired thick plywood table top will provide a great addition to your cafe with minimal fuss with a light and airy look. Contact us to know more about the Stockholm Square Table Top supplied by UHS International.
