SEATTLE ROUND TABLE TOP

TABLE PLACE CHAIRS

ROUND ZINC TABLE TOP The Seattle Round Zinc Table Top is a unique design choice with distinctive appeal & changes in appearance over time. A zinc table top that can be distressed with a patina finish to different levels, creating an aged feel. This round zinc table top is perfect for restaurants, cafes, workspace, and pubs. Since the table top is acid-washed zinc over a supporting structure, it will last a very long time with minimal care and maintenance. We offer custom zinc table tops in a variety of sizes! Zinc is a natural mineral that is antifungal and antibacterial. These round zinc table tops are prone to light scratches. Eventually, the patina will blend all scratches and blemishes together so that each table top is a unique and beautiful piece. Contact us to discover more about the Seattle Round Table Top supplied by UHS International.
