

MONDRIAN SIDE CHAIR

OUTDOOR FURNITURE

WIRE FRAME DINING CHAIR The Mondrian Side Chair is a contemporary and Mediterranean styled wireframe chair. Born from a stout fully welded steel wireframe, this dining chair is your on-trend answer. Available powder coated in any standard colour. The silhouette is classic mid-century, but the wire designed back, and the seat is future-forward, giving a lightness while still being a dynamic style statement. The minimal nature of this wireframe dining chair is an asset for any lover of modern furniture—a simple yet stylish design evoking the height of modern classic design. As comfortable as it is attractive, this contemporary dining chair is the sort of accent chair that starts conversations. Commercial grade and contoured for comfort this stackable dining side chair is a brand favourite. Armchair option available. Contact us to discover more about the Mondrian Side Chair supplied by UHS International.
