

## MILL LONG BENCH

### OUTDOOR FURNITURE

**LONG DINING BENCH** Add the Mill Long Dining Bench near a table or create extra seating. This long stool bench makes for great additional seating that doesn't take up a lot of space—made with recycled high-density polyethylene slat seats that are impervious to moisture resulting in beautiful qualities such as resisting stains, mould, and mildew. The industrial outdoor long stool bench has a vintage style to enhance any space. The design aesthetic of this long dining bench includes a metal frame in a black finish. A rectangular wood top in a coppered oak wood finish contrasts nicely. The benchtop is made of a nearly indestructible outdoor material, lightweight concrete, this long stool bench is sure to last for years of enjoyment. Create your dream decor with this modern long stool bench. The rich finish and black accents give it an industrial look that'll add some punch to your space. With our Mill Long Stool Bench, you will always have plenty of space to sit, relax, eat, and talk to all of your guests comfortably outdoors. Contact us to discover more about the Mill Long Bench supplied by UHS International.
