PRIMAL HIGH STOOL – GREY

OUTDOOR FURNITURE

INDUSTRIAL OUTDOOR METAL BARSTOOL Meet the Primal High Stool, an industrial outdoor metal barstool with a wireframe base supplied by UHS International! Looking for a pretty yet comfortable stool for your commercial outdoor space? You have found it! Brings you the industrial outdoor barstool in galvanised metal: a durable, sturdy commercial grade bar stool that is not only space-saving but great to look at too. Made of steel metal with a beautiful polypropylene seat, the galvanised metal crossed hairpin legs will make a perfect addition to any kitchen, restaurant or bar setting! A true eye-catcher that doesn't only look good but is durable and comfortable too. The metal frame and the seat is available in a range of colours. Reach us to know more about the Primal High Stool supplied by UHS International.
