GALAXY SIDE CHAIR

OUTDOOR FURNITURE

STACKABLE POLYPROPYLENE CHAIR With a quirky backrest featuring different cut-out shapes, the Galaxy side chair will stand out from the crowd. Featuring weather-resistant properties and a unique plastic blend material, our outstanding outdoor chair provides astonishingly stable frames that will last for years to come. It is made from polypropylene reinforced with glass fibre. This stackable polypropylene chair boasts a transitional design and can be used either indoors or outdoors. It is available in a variety of colours. Versatile and stackable to save storage space. This polypropylene outdoor chair is designed to be comfortable and good looking at the same time, with a built-in curve in the back to accommodate your own back easily and properly. Tested to contract standard, ensuring this polypropylene outdoor chair is durable and will withstand the demanding commercial environments such as outside cafes, restaurants and bars.
