## GAZELLE STOOL

### CONTRACT BAR STOOLS

**BISTRO STYLE BARSTOOL** Whether rounding out the cafe house or pulled up to a pub table, this bistro style bar stool is always a stylish spot to sit in your entertaining space. Boasting a contemporary bucket-style appearance, its steel frame features a streamlined sled design. The Gazelle bar stool is a contemporary sled base bar stool in polypropylene that comes with the options of an upholstered seat and back and the slim footrest for comfort. Its toughness lends it to serve as a piece of pub furniture, but its elegance suggests it as a bistro stool. The Gazelle is comfortable as a piece of commercial furniture in any environment, and its parts can be customised to suit anywhere. A true eye-catcher that does not only look good but is durable and comfortable too. This custom made, bistro-style barstool suits any modern décor and can be seen in many bars and restaurants which found that the Gazelle stool gives a lift to their establishment. Contact us to find out more about this bistro-style barstool at UHS International.
