## WELCOME TO EDITION FOUR

UHS newsletter bulletin edition to keep you up-to-date with new projects, products, and all the latest news.

### HAPPY NEW YEAR EVERYONE!

A lot has been going on at UHS over the past couple of months.

We have published our first case study book, which contains information on some of our latest projects along with pictures of products from our latest range of furniture. It is an excellent tool for people who are looking for creative ideas on their next project.

Some of our projects that have recently been completed include the long-awaited Hotel Football at

Old Trafford Stadium in Manchester, and we have installed new furniture in the bedrooms at the popular Watergate Bay Hotel in Cornwall.

We hope that you enjoy this newsletter and if you have any feedback or tips on how we can improve our services, we would love to hear from you.

Also, if you would like to find out about a specific product or featured project, please email us at [beinspired@uhs-group.com](mailto:beinspired@uhs-group.com) or contact our team on 0330 1222 400.

## A HOTEL WITH A PASSION FOR FOOTBALL

Hotel Football

## SUPPORT FOOTBALL IN STYLE...

This is a hotel that takes the hospitality industry to a whole new level, because of its unique theme.

Located opposite Old Trafford in Manchester, Hotel Football is a brand new, contemporary hotel owned by professional footballers Ryan Giggs and Gary Neville.

With over 100 bedrooms, Hotel Football has been created to let their customers experience an enjoyable and relaxing stay in a friendly environment, and to be in a place where they can share their love of football.

We installed a lot of modern and classic furniture for both the hotel and restaurant. For example, in the bar area, we put in our Memphis bar stools, which have been upholstered with swivel seats. We used two different fabrics for the leather seats: Crest Shelly Poppy and Crest Jade Green. Also, the bases are made of metal complete with a raw steel finish.

## A HOTEL IN A BEAUTIFUL SEASIDE SETTING.

Located on the Cornish coast, Watergate Bay Hotel truly captures the essence of the county's fresh and atmospheric feel with its use of stony and natural colours, materials, and other touches like reclaimed wood.

We supplied the hotel with our Vinci side and lounge chairs with upholstery in navy and grey to bring the coastal atmosphere to life. We also made bespoke work-bench inspired console tables and mini-bar cabinets.

## FOCUS ON...

We are always looking for ways to improve our business in order to give the best service possible. Here are a few things we have created over the past couple of months to help us achieve this.

We have now successfully launched our Fine Art Department – offering very competitively priced original artwork to the hospitality market. You can view our new art brochure in the “Downloads & Videos” section on our website.

## STAIN SWATCH

We have put together a selection of timber stain samples, which you can use to get ideas for products to include in your next project. Some of the stains in our swatches include Dark Rich Mahogany and Mid Oak Tint.

From left to right: a large yellow swivel chair, a smaller yellow chair with white armrests, a dark blue chair, a teal chair, an orange chair, and a black chair with a white crescent-shaped cutout. All chairs have a chrome-plated metal base.

## ORIGAMI COLLECTION

## BRAND NEW COLLECTION LAUNCHED

Here at UHS, we always like to add new products to our furniture range and we have done just that with the new Origami Collection.

Based on pure and simple forms and lines, this selection of furniture is perfect for hotel lobbies, reception areas, canteens, and educational environments.

Each item is manufactured with cold form foam and upholstered to high quality, giving the chairs a clean, sharp look.

If you would like more information on this collection or have any ideas about how we can improve our range, please feel free to email us at [beinspired@uhs-group.com](mailto:beinspired@uhs-group.com)
