The Perfectionist's Café

PERFECTION!

Inspired by Heston Blumenthal's hit BBC TV series "In Search of Perfection", we have provided this restaurant with a wide range of classic and contemporary furniture.

Working closely with Heston's team and the designer Afroditi Krassa, we have installed our Skamp barstools, along with our Tulip stools and Elbow chairs.

The Skamp barstool has been upholstered in Puma Hot Wax Tibacco, and finished in black with a steel foot rest.

The Elbow chairs have been timber stained and upholstered with the PU collection Teal from Agua fabrics.

Our Tulip stools have been set to low stool height, depth, and width. A base powder coating was also applied to the stools, and upholstered in the Furnisoft PU collection, Teal from Agua Fabrics and in Orzan OZ54 from Sekers.

This innovative design roots back to the heyday and glamour of 1960s airplane passenger flights. ●

UPHOLSTERED BAR STOOLS FROM UHS

The bar needs to be a lively welcoming area. UHS has the ability to create a wide range of bar furniture, including upholstered bar stools.

Wooden or steel? We have a large quantity of styles to suit your next project.

Have a look through the products and projects on our website for inspirational ideas.

Pick up a classic wooden frame bar stool like the Madison or you can go for something more retro like the Ranch. If you think we are missing anything, please let us know so we can add it to our selection of products.
