A CHAIN OF RESTAURANTS BRINGING WONDERFUL ITALIAN DISHES TO THE HIGH STREET.

This project is a wonderful example of presenting the next generation of furniture to our restaurants.

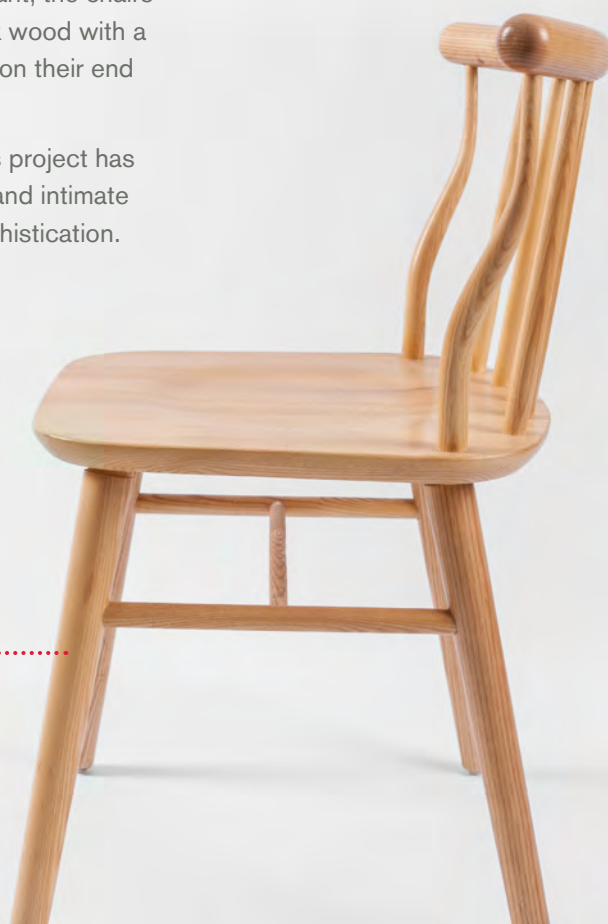

We supplied several pieces of furniture to this restaurant, including our Jay High Back Arm Chair. A cool high back spindle arm chair with style and quality makes the Jay excellent for contract use.

Another chair featured in this project is the Waltz Side Chair. With an ash wood frame, this chair has been classically designed with a curved back and unique spindle.

For this particular restaurant, the chairs have been stained in dark wood with a soft red colour displayed on their end spindles.

The overall design for this project has helped create a creative and intimate effect with a touch of sophistication.

One of the services we are able to provide to our customers is the option to have their chosen products customised. For example, a painted finish can be applied to their furniture or chairs can be upholstered.
