SUCCESS

UHS NAMED 'BEST HOSPITALITY INDUSTRY FURNITURE SUPPLIERS' IN THE 2016 HOSPITALITY AWARDS

The hospitality industry is traditionally highly competitive and dynamic, with firms facing a saturated market and demanding clients with high standards.

As such companies within this industry have had to work increasingly hard to meet clients' needs and create a reputation for excellence.

The 2016 Hospitality Awards have been created to reward and recognise the firms and the individuals behind them that have worked tirelessly over the past 12

months to achieve industry leading success, client satisfaction and market growth. These awards do not take into account either geography or size, and businesses from across the industry will be considered including restaurants, nightclubs, hotels, bars and even gaming premises.

UHS Group are thankful to be recognised and awarded as 'Best Hospitality Industry Furniture Suppliers' this year! A demanding industry but our team keep up and excel!!

Baler chair

A new addition just recently sourced the Baler chair named after the rounded sea shells found in Queensland, Australia because of it's amazing rounded shell like character.

This chair is a great feature piece and is suitable for contract environments.
