EDITORIAL

WELCOME

SO the first quarter of 2018 has gone, time is not standing still and innovation is key to keeping up! We are not standing still and have embarked on a challenging programme this year with product development, new website, designers toolkits along with growing the company globally.

This first quarter celebrates the 'go live' of France with a website in French to support our new colleague Thierry. Also the new 2018 Collection catalogue has launched digitally with printed and translated copies to follow shortly.

As always we are working on some fantastic and creative projects, of which we have included a few case studies within this newsletter.

If you would like to have a chat about a specific project or product please email us at info@uhs-group.com or contact our team on **0330 1222 400**.

SPOTLIGHT ON...

THIERRY JARZAT

WHAT DO YOU DO AT UHS?

I am the UHS sales manager responsible for the French market development.

WHAT CAN YOU TELL US ABOUT YOUR LIFE OUTSIDE OF THE WORK?

In my free time, I like to go on long walks and take part in charitable events.

WHAT IS YOUR FAVOURITE FOOD?

I very much like a good veal steak with some gratinated potatoes, but not just any: à la dauphinoise!

OUR UHS FRENCH TEAM

Every year, toward the end of march, a herd of people heads up to Paris to attend THE FRANCHISE EXPO.

For the second year in a row, we were there too, walking up and down the hospitality sector area visiting existing customers, and creating new bonds with the promise of some great projects. All in all, a fantastic chance to discover some new brands and concepts, and to meet some ambitious people.

"I stayed in The Collective for a few nights as a guest and absolutely loved it! As an architect, I was intrigued by the clever use of space in order to comfortably accommodate as many people as possible. I loved the community, the different events that take place there and the staff."

CO-LIVING & CO-WORKING SPACES

THE COLLECTIVE

The Collective create innovative co-living and co-working spaces for the creative and ambitious. They offer office space and hot-desking for enterprising communities, as well as amazing facilities for shared living spaces.

#TRENDING

USING INTERIOR DESIGN TO COMMUNICATE IN THE WORKPLACE

We are seeing Hospitality becoming more prominent in the workspace, retail and leisure as trends like agile working takes off and consumer experience is key to retail success.

WHATLEY MANOR AND SPA

WHATLEY

Whatley Manor Hotel & Spa is the perfect place to indulge – whether you're treating yourself to a luxury retreat away, relaxing spa trip or the ultimate bite to eat in their Michelin Star restaurant. Whatley Manor Hotel & Spa wanted to improve the look of their restaurant areas to bring it up to the high standard of the rest of the hotel. The furniture we supplied not only had to be stylish, but also strong and fit for purpose.

The Ascot Chair with brass studding and button details on the back was the perfect match. This was accompanied by our Athens table tops, which has a brass inlay to give the furniture a high-end feel.

The greyish/blue tones of the banquette seating along with the grey and green velvet chairs create a unique, luxury feel. The end result was exactly what the client was hoping to achieve and more!

SONATA POUFF

LA BULLONA

MILAN

The Bullona restaurant, extraordinary for its high-end design, fits perfectly into the Milan lifestyle.

In this project, we provided: Sonata pouf, Geneva and Alberto 01 armchairs, Battersea and Jack sofas, Madison barstool, banquette Capitonnée and Trumpet table base.

MEL
SIDE CHAIR

Available as an
upholstered version
or a stacking version.

A stunning new look for Ask Italian with the introduction of some fresh products, fabrics and wood stains by UHS Group.

Pink and ink colours have been used with subtle greens and oranges to create a high-end, luxury feel to their restaurant.

We love it!

DOING GOOD WITH WOOD

SUSTAINABILITY

Every time UHS sells a chair or table we give back to the planet by supporting the planting of a tree. Our global charity partner supports tree growing to empower third world countries by moving away from destructive farming techniques to a forest garden system.

UHS were awarded the GREENER PATH AWARD for achieving "Zero Waste to Landfill" during the year. This award is in recognition of exceptional environmental performance in our waste and recycling operation.

RAW WORKSHOP

We're creating social hours with RAW Workshop through wood recycling services.

Social hours includes skills, training, employment, positive activity and life-skills. This reduces isolation, raises self-esteem, lowers the call on blue-light and NHS services, combats depression/mental health illness and gives people somewhere of which they are proud to be a part.
